

UNITED WE SUPPORT THE HEALTH OF OUR COMMUNITY

LIVE UNITED

C

ChildServe was recently awarded one of United Way’s grants to purchase furniture and therapy equipment. This allowed ChildServe to open an additional room for their Outpatient Physical Therapy and Speech Therapy program. This new room made it possible for ChildServe to assist people on their waitlist and add 55 additional therapy appointments within the reporting period.

The newly expanded program makes a difference for local families. ChildServe’s survey results show high levels of satisfaction with this program: of those surveyed, 99% of clients met individualized health goals, 97% reported family engagement, 97% reported family satisfaction, 86% reported a child benefit, and 86% reported a family benefit.

Grants are one way United Way positively impacts the community by funding new or emerging needs.

Other recent grant-funded outcomes in Health:

Healthy Food Access/Nutrition:

- 162 individuals – MGMC Donor Breast Milk program
- 480 families – Primary Health Care’s “Farm to Clinic” program, bags of fresh produce with nutrition info and recipes
- 8 children – Healthy snacks at Threshold Learning Center

Mental Health Services:

- 33 individuals – Online medication management at Friendship Ark

We are increasing our impact by funding local grant projects like these and more.

Grant funding provided **55** additional therapy appointments at ChildServe in FY21-22.

United Way fights for the health, education and financial stability of every person in every community. We have one life. To live better, we must LIVE UNITED.
