United Way of Story County fights for the health, education, and financial stability of every person in our local community. As a volunteer, you play a critical role in this fight by ensuring the growth and success of our community campaign.

Volunteers have the unique opportunity to harness the generosity, talent, and energy of your workplace to give back to our community and help United Way’s efforts in building a stronger, healthier Story County. Whether this is your first year as an employee coordinator, or if you are a campaign veteran, the information in this guide will help you plan and execute a smooth – and successful – United Way campaign. This information can also be found on our website at www.uwstory.org/campaign-toolkit.

Thank you for joining our United Way team.

OUR VISION.
To improve the quality of life in our community for individuals and families.

OUR MISSION.
United Way of Story County is a strategic leader in building countywide partnerships to identify needs and to develop, support, and evaluate effective human services, especially in the areas of health, education, and financial stability, for our diverse community.
JUMPSTART YOUR CAMPAIGN

Planning makes perfect in the case of a United Way drive. The four factors that are most often at play in a successful drive are:
1) an organized project manager,
2) vocal support and endorsement from organizational leaders,
3) an easy enrollment process, and
4) a network of people helping behind the scenes.
We have ways to help strategize for each of these things. Please do not hesitate to contact us to brainstorm ideas to further our partnership with your organization!

NEVER HAD A CAMPAIGN BEFORE?

Welcome aboard! We’re so glad you are joining in as a partner in our work. You’ve likely had a meeting with United Way staff already, but if you haven’t please reach out so we can meet in person. As a champion within your employer campaign, you may quickly find yourself as the go-to resource for not only the campaign, but volunteering and advocacy questions, too. You might find some of those answers in this toolkit. If not, remember we are here to help! Reach out with all of your questions - big and small.

For new campaigns, you may want to schedule a presentation to your management or leadership team to introduce the idea of the employee drive and explain United Way’s work in more detail. Another early stop will be to HR. Employer campaigns that have payroll deduction have higher participation and per capita giving. We can answer any questions your HR department has about adding this as an option.

Next you’ll want to recruit your internal committee. Best practices across the United Way network include having a committee of employees in order to energize the campaign, spread the effort across multiple parties, and build buy-in across departments.

Once you have your team in place, you’ll be ready to follow the sample timeline on the next page.

<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

- Hold meeting with United Way staff and company leaders.
- Recruit your volunteer team and set your kickoff date.
- Contact HR to determine what information and lead-time they require.
- Set a goal for your drive (participation, number of donors, % increase).

### 4-6 Weeks Before Kickoff

Visit United Way’s website to view resources available to support your campaign.

- Schedule department or all-company meetings and speakers.
- Determine special events your team would like to run. Be sure they are serving an identified purpose, like building awareness or raising additional campaign dollars.

### 2-3 Weeks Before Kickoff

- Ask your CEO to author a letter or email of support.
- Announce your campaign plans company-wide.
- Prepare campaign materials and distribution plan for kickoff.

### 4-5 Days Before Kickoff

- Customize reminder email for your kickoff event.
- Hang posters in high traffic areas of your office.
- Post information or even videos on your company’s intranet, if possible.

### Day of Kickoff

- Send one last email reminder about your event.
- Inform and Ask:
  - Explain United Way’s impact with speakers, videos, personal testimonials.
  - Ask for your colleagues to join you with a gift this year.
  - Include information on details of how to give and any incentives for giving.

### Throughout Campaign

- Send success story emails or statistics in mid-campaign updates.
- Use department meetings as reminder points.
- Take pictures of your activities to post internally and share with United Way.

### After Campaign

- Provide HR with copies of all payroll deduction elections.
- Communicate results in a final email with a message of thanks.
- Finalize reporting template to be submitted with completed campaign.
- Arrange for a delivery or pickup of your campaign with United Way staff.

### Considerations in goal setting for 2019:

- If your company could add ____ number of people with $1 per pay period, how would that increase your total?
- If your company could add ____ number of people at your average gift, how would that increase your total?
- If your company could increase your average gift by 10%, how would that increase your total?

### Ideas for committee goals outside of campaign production:

Set targets for number of campaign activities, number of campaign communications, or volunteer projects
WAYS TO GIVE

Charitable giving is a personal and voluntary decision. United Way encourages individuals, corporations, and foundations to do what is most comfortable for them and most aligns with their philanthropic goals.

A gift TO United Way

United Way accepts many types of gifts, including cash, check, payroll deductions, stock, and more. We request unsolicited in-kind gifts to first reach out to ensure we are the appropriate party to accept a product donation.

A gift to United Way is any gift directed to our Community Fund, one of our three issue areas (Health, Education, and Financial Stability) or one of our special initiatives. Each gift to United Way is combined with those from thousands of donors and invested directly into initiatives and programs that benefit the entire community, not just one program, issue, or population.

Programs supported by the Community Fund:

- Address the most critical issues and community needs
- Receive oversight provided by United Way staff and volunteers
- Provide quarterly financials to be reviewed by United Way
- Depend on United Way’s ongoing and consistent support, in addition to other funding sources
- Make a measurable impact in our local community

An undesignated gift to United Way allows you to help more people than a gift to a single nonprofit can.

United Way experts look for gaps and duplications so campaign dollars go to the needs everyone is aware of, but also to those needs less obvious, but no less important.

Our community’s problems are interrelated, and only undesignated gifts fund a diversity of programs to work together to address the complex causes of poverty, school readiness, teen pregnancy, and many others – in a way that no single agency, donor, volunteer, or sector of the community can do alone.

United Way works across the county to leverage resources, volunteers, experts, and other service providers for short-term relief and long-term success.

A gift THROUGH United Way - Designations

United Way understands that some donors choose to direct a portion of their gift to a specific agency. As a benefit to our donors, and a service to the companies who host workplace campaigns, United Way processes these requests. However, United Way is unable to guarantee how these funds will be used.

Donations of any amount can be directed to another United Way across the United States. Donations $50 or more can be directed to any eligible 501(c)3 organizations. Eligibility is determined in accordance with our Designation Policy. This policy states the donor must provide accurate contact information for their chosen organizations, including an EIN. Selected organizations must provide verification of their nonprofit status with the IRS and return an anti-terrorism form annually.

Participating in Special Events

Special events can energize campaigns by generating interest and/or additional donations for United Way’s work. However, special event donations are not eligible to be designated due to the nature of having received a good or service in return for the donation. Intentionally building campaign events that are efficient and effective can be a speciality. The next page has idea options for you to consider.
Upon the close of your campaign, you’ll be eager to tabulate results and report them to your committee and organization’s leadership. To help you with this, and for United Way to efficiently process your campaign, please complete the reporting template included to the right.

When submitting your campaign to our office, please include this reporting document, pledge cards and designation forms (or a spreadsheet with those clearly indicated), and any cash or checks you have collected. We also ask for your assistance in copying all pledge forms for your internal payroll processing. This, again, helps us efficiently manage your campaign and get results to all necessary parties in a timely fashion. If your corporate gift or match requires an invoice in order to process payment, please note that on your completed campaign.

Finally, we would like to record how payment on your campaign will be received. Companies vary in their pay cycle, so your assistance in completed the processing form to the right will ensure we are moving along at the expected rates.
Online volunteer opportunity database

United Way of Story County’s partner agency Volunteer Center of Story County hosts an online volunteer database that is accessible 24/7. This database allows you to sort by area of interest, organization, one-time or recurring volunteer opportunities. We encourage our partner agencies to post their openings and volunteer needs through this platform.

For more information visit: https://www.vcstory.org/.

Day of Caring - September 13, 2019

Each year United Way deploys hundreds of volunteers on our annual Day of Caring. This one-time volunteer opportunity can be completed through a group sign-up or on an individual basis. Project selection will be available the first week of June. Projects are self-assigned, so be sure to log on as soon as you can to browse the full range of offerings.

To be notified when options are available, email Kristin Pates at kpates@uwstory.org.

Women United Mentor

Women United is looking for volunteer mentors to supplement the program participants in-class knowledge. Volunteers do not need to have previous mentoring experience; however, basic money management skills are required. Volunteers attend a four-hour training on interpersonal relationship building and how to discuss money management practices with participants.

For more information, email Jerri Baumeister, Women United Director, at jbaumeister@uwstory.org.

Summer Enrichment Program

United Way of Story County operates summer enrichment programs at multiple sites through the county. Enrichment sites offer free, engaging activities to students who are at risk of falling behind over the summer. This program takes a multitude of volunteers in order to run successfully. Please consider joining us to serve a meal or assist in a classroom experience.

For more information, email Malai Amfahr, Story County Reads Director, at mamfahr@uwstory.org.
INDIVIDUAL ENGAGEMENT - AFFINITY GROUPS

27 in 2018

Tocqueville Society:
Donors giving $10,000 or more annually. Named after a French philanthropist who was inspired by Americans who generously gave of themselves to help other people. The campaign growth in this division has been phenomenal since 2014.

509 in 2018

Leadership:
Community members pledging $1,000 or more annually make a major difference in the ways UWSC can act on its mission. More than 50% of the annual campaign can be attributed to leadership level donations.

62 in 2018

Women United:
Women United donors have full recognition as Leadership donors, though their funds are dedicated to the purpose of providing self-sufficiency and confidence through financial education. The program also includes scholarships and has hosted special classes for senior women.

111 in 2018

Young Leaders Society:
Engaged community members under the age of 40 can show their support for improving lives through this affinity group. At a gift level of $250-$999 annually, YLS is designed to develop philanthropic behaviors early. Young Leaders will have special ways to become involved and educated in UWSC’s work to improve lives and communities.
**Talking Points - Objections and Responses**

**Hesitations**

**I/We Give to Other Nonprofits**
Unlike a gift to a single nonprofit, a gift to United Way’s Community Fund impacts many organizations and causes. United Way determines the most pressing issues in our community, identifies the strategies and organizations best equipped to address those issues, and works with them to make an impact. The United Way Campaign gives you and your employees choices to align with your passions, simplify your giving, and make the most impact on your community.

**Our Workforce is Offsite OR We Don’t Have Time for a Campaign**
United Way is dedicated to helping with workplace campaigns and will support you and your staff with everything you need to run a campaign. This includes providing materials, templates, best practices, videos, data, scheduling speakers, organizing events, and almost anything else to make your campaign easy.

**Our Employees Aren’t Interested OR We Don’t Want to Pressure Employees**
United Way does not want employees to feel pressured to give either; however, running a workplace campaign makes giving easy. We often hear that the number one reason people don’t give is because they were never asked.

**We Are a Small Company OR We Don’t Have an Employee to Run a Campaign**
Companies who partner with United Way range from small LLCs to Fortune 500 companies and everything in between. United Way brings on additional staff (sponsored by our corporate and non-profit partners) during the campaign to make your workplace campaign easy! Your employees who help coordinate the campaign also develop skills that may translate to their other work with your organization. They also have opportunities to network with individuals from other organizations.

**Charitable Dollars Are Already Allocated**
Pledges to the campaign can be paid in one-time payments or regular installments over the next calendar year. Please consider this flexible option or giving to United Way in the future. When would be a good time of year to reach out in the future? We would be happy to meet with you to discuss a variety of partnership opportunities including sponsorship and in-kind opportunities, which could be supported by another portion of your budget and would be beneficial to both organizations. If a financial gift is not possible at this time, consider engaging your employees through volunteerism.

**Myths**

**United Way Only Invests in Poverty Programs**
United Way impacts the lives of those with low- to moderate-incomes, but also has a deep impact with aging populations, people with intellectual disabilities, those living with mental illness and much more. Safety net programs are only a part!

**United Way is Just a Middleman**
Donations made to United Way make the greatest difference and help the most people. United Way monitors results to ensure the programs are making an impact. You can be certain your money is well invested. In addition, your donation may qualify for matching funds, increasing the investment even more.

**United Way has High Overhead Costs**
United Way operates at an extremely high rate of efficiency. Nearly 85 cents of every dollar raised is invested into solving community problems. This greatly exceeds the minimum standard of 65 cents which is required for a nonprofit to be considered efficient and living up to its mission.

**Local Dollars are Spent Nationally**
As part of a network of 1,800 local and independent United Ways, United Way of Story County receives services and support from United Way Worldwide. However, dollars raised in our area stay here. United Way of Story County has its own 501(c)(3) certification and is governed by a local board of directors who oversee annual investments from the Community Fund.

**CEO Compensation is Too High**
An email circulated widely for several years, listing information about executive compensation and overhead costs at large nonprofits. That document contained erroneous information about United Way Worldwide CEO Brian Gallagher. It makes false claims about perks and overhead costs.
Corporate Social Responsibility: Partnering with United Way will help your company develop and execute compassionate corporate social responsibility and community investment programs. You can do this by giving a corporate gift, running a workplace campaign, becoming a sponsor, providing in-kind support, and/or volunteering as a team.

Corporate Recognition: An enhanced community image helps your marketing and employee recruitment efforts. We proudly thank our outstanding company campaigns with various awards at the close of the drive. LIVE UNITED Campaign Awards, Gold Awards, 100% Participation Awards, and Highest Percent Increase Awards are announced at the Celebration Event.

Employee Satisfaction & Retention: Companies that run a United Way campaign elevate themselves in the community and have employees who feel part of something bigger. This is especially true when companies get input from employees and allow them to spend some work time coordinating events and volunteering.

Staff & Professional Development: Working with United Way provides employees growth opportunities within your organization. It also brings together employees from all levels and departments who might not otherwise have the opportunity to work together – fostering a stronger, more cohesive, and more motivated workforce.

Connection to Your Community: Supporting United Way not only provides a means for your employees to give, but an opportunity to volunteer and learn about services they, or someone close to them, may need.

Individual Recognition: Build your personal, professional, and philanthropic networks through United Way events and volunteer activities. United Way of Story County offers the following affinity groups: Leadership, Women United, Endowment Builders, Tocqueville Society, and Young Leaders Society.

Donations Stay Local: Gifts to United Way are invested locally to create lasting change. The money you and your employees contribute is the cornerstone of a healthy and safe community, making it a better place to live, work, and do business.

United Way:
- Partners with companies and respects their time, work environment, and culture.
- Supports company staff during the campaign and throughout the year.
- Provides speakers, printed materials, and online tools.
- Allows individuals to make an annual gift directed towards various issue areas, community initiatives, and/or nonprofits.
- Offers team-building experiences through volunteering with Day of Caring.

CO-BRANDED LETTER

Consider kicking off your drive with a co-branded letter from your organization’s leadership or committee. We have several examples to choose from!

FROM CEO

Dear Staff,

Imagine a community where all children have the necessary skills to succeed in school, where all families have the basic needs to succeed in life, and where all individuals have access to the health, education, and financial stability they need to reach their full potential.

Our United Way of Story County is fortunate to have a strong partnership with United Way of Story County and pride in our accomplishments. I, along with the entire United Way team, is dedicated to helping those who need it the most.

Please review the information enclosed to see United Way’s work in more detail or check out one of the campaign activities organized by your colleagues to learn more.

FROM COMMITTEE

Dear fellow _______ employees,

During the next few weeks, you will be hearing a great deal about our local United Way. This is what we are working to create through our partnership with United Way of Story County.

On Day 1:

United Way fights for the health, education, and financial stability of every person in Story County. Reach out a hand to one, and influence the condition of all. Give. Advocate. Volunteer. LIVE UNITED. See the new(est) way to give at our website, www.uwstory.org, or watch an overview video on our YouTube Channel: https://www.youtube.com/watch?v=SAICy-UN9lQ.

On Day 2:

United Way wants you to engage in helping our communities build a stronger, more vibrant future. As a community convener, donations to United Way impact many agencies and programs. Gifts of all sizes make a difference. Consider these examples:

• $1 a day can provide a one year supply of healthy after-school snacks for 10 children at Boys & Girls Club.
• $1 a week can provide a Special Olympics registration fee for one athlete through the Arch of Story County.
• $1 a month can provide mileage to take a home delivered meal through Heartland Senior Services.

These programs and many more can be touched by your generosity.

On Day 3:

Interested in joining an affinity group? Here are your options to link your philanthropy with other like-minded donors:

• Leadership donors give $1,000 annually and have a substantial effect on how United Way can act on its mission.
• Women United donors contribute $1,000 or more to enhance the financial literacy and self-management of women. Money management workshops, continuing education, and a scholarship program are included.
• Young Leaders Society members are age 40 and under who contribute a minimum of $250 a year. YLS members become engaged and educated about the needs in our community and United Way solutions.

On Day 4:

There are basic things that we all need for a good life: a quality education that leads to a stable job, income that can support a family through retirement, and good health. United Way partners with programs that address all three. Visit the website to see a list of current partner agencies and the areas each is working in.

On Day 5:

United Way monitors the landscape of human services on an annual, monthly, and even daily basis. They are experts in identifying needs and funding solutions. Local volunteers determine what programs to invest in. United Way of Story County funds over 90 programs on an annual basis, PLUS monthly grants for emergencies/emerging needs, AND special projects in areas of unmet need. Read more about the allocation process here.

On Day 6:

LIVE UNITED is a reminder that when we think outside of ourselves, we have the power to facilitate change. When we think of others’ lives as linked to our own, our compassion grows. When we reach out a hand to one, we influence the condition of all. We strengthen neighborhoods. We bolster the health of our community, and we change the lives of those who walk by us every day.

On Day 7:

United Way of Story County unites local resources to help our neighbors. It is a community-based, community-run organization that depends on people like you for support. Thank you for caring!
